Tasting Room

Relax and Enjoy

The Vineyard Tasting Room is a great place to taste wine, enjoy some great views, and make the acquaintance of our tasting room staff, who are happy to show you the full range of our wines. You might even make some new friends while you're here.

When you visit The Vineyard Tasting Room, you'll be given a menu book that consists of three flights. A wine flight is basically a sample tasting of four-to-five wines.

Your Wine Specialist will describe the wines to you and discuss the back-story behind each varietal.

Once you choose your flight, your Wine Specialist will pour you a sample taste of each wine on the menu that you've chosen. A typical pour is 1.5 ounces.

A typical 5-wine flight adds up to six-to-seven ounces of wine.
