We All Win When We Buy Local

Welcome to the 2025 Best of Mac and Yamhill Valley!

Every year, this special publication celebrates the businesses and people who make Yamhill County a vibrant and unique place to live. These winners, **nominated and voted on by you**, reflect the best of what it means to be local—hard work, creativity, and a deep commitment to our community.

This magazine is more than a list of winners—it's a snapshot of what's possible when a community supports its own. Each business featured here has earned your trust, your votes, and your business. That matters.

This year, in nearly a quarter of the categories, the first- and second-place had 5% or less difference. And in eight races, the decision was made by 10 or fewer votes! We even had a tie in one category. **Why is that significant?** It shows that our community is paying attention, supporting local businesses by recognizing great service with their votes.

We also want to thank our **Community Partner businesses**. Their advertising not only boosts their own visibility—it also sustains the independent local journalism that supports every corner of our county. From school sports to city hall, from nonprofits to neighborhood stories, their investment helps keep it all going.

What can you do? Supporting these businesses with your engagement and your dollars will fuel more than their success—it sustains local news, civic life, and the values that bind this community together. When you shop locally, read locally, and advertise locally, we all win.

Thanks for helping us honor the best of Yamhill County. Let's keep building something great together.

How the Contest Works

Each year, the ballot includes a mix of Community Partner businesses, current advertisers, and nominees submitted by readers during our open nomination period.

Once nominations close, voting opens to the entire community—anyone can vote, no purchase or subscription required.

If a business you love wasn't on the ballot or didn't win, that's your cue: nominate them next year and spread the word. With so many great options, we rely on your input to shape the ballot and celebrate the best.

*Friendship-
An Activity of Daily Living!*

Marjorie House Memory Care Community provides person-centered long term care for individuals suffering from all stages of dementia in a safe, secure, supervised and caring environment. The comforts of home combine with design features specifically intended to enhance the quality of life for individuals with a diagnosis of a dementia, including Alzheimers.

Quality of Life Through Quality Care

The challenges and losses that accompany dementia are many. The life provided by our skilled and loving staff strives to break down those challenges. Our goal is to create a life of potential and peace, lessening the challenges and loss.

Potential of Life Through Activities

We believe that every individual has potential – of one sort or another – until life ends. We find the potential in each person, design activities and moments to match that potential, and continually assess the change in potential so that we are meeting the needs of each individual.

Security in Life by Design

While our highest priority is the safety, security and well-being of each resident, we realize emergencies can and do happen at any time. With that in mind, we designed and equipped our building with a state-of-the-art Nurse Call System featuring Real Time Locating and Mapping.
