

Stan Primozich

A dedicated and effective leader
for Yamhill County

Stan is the commissioner who serves as the county's delegate to the Yamhill County Parkway Committee, responsible for community oversight of the Newberg-Dundee Bypass and its construction.

Stan also serves on the Mid-Willamette Valley Area Commission on Transportation, the committee that prioritizes and recommends projects to the Oregon Transportation Commission.

Stan has been a transportation leader and has worked long, hard and effectively at the State and Congressional levels to obtain necessary funding for the Bypass.

Stan's continuing efforts are important to the next phases of the Bypass to complete the loop.

Stan has given strong support to the need for a year-round emergency shelter for mothers, children, veterans, seniors and others. He has been an important voice for the expansion of the Yamhill County Rescue Mission from 17 to 65 beds which includes both a year-round emergency shelter and a New Men's facility providing up to 60 days of transitional housing, life skills training and a job training program.

Most cities and counties only talk about the homeless crisis. With Stan's critical support on the County Commission, the Mission has partnered with the School District, City of McMinnville, private citizens and the McMinnville Area Community Foundation to make real progress to address one of our most critical issues.

A father and grandfather, Stan has a dedication and commitment to children. He has strongly supported the Family Place and its relief nursery program for the most severely abused and neglected children in our county.

This highly successful program provides both a preschool program for children ages 0 to 5 and in-home counseling and parenting skills training for their parents.

His support and vote were critical to the expansion of this program to Sheridan, Willamina and Grand Ronde where 8% of our county's population has nearly a fourth of our most abused and neglected children.

The undersigned believe, in these times of political rhetoric and little effective action, that you should be aware of Stan Primozich's commitment, leadership and accomplishments in ways that are vitally important to all of us and to Yamhill County.
