2021 Young PROFESSIONALS

YOUNG PROFESSIONALS DEFINED DIFFERENTLY

by Leslie Zook,
Director of Sales & Marketing, Ticor Title

Young professionals can be defined in a wide variety of ways, some may be positive while others can be negative or even hurtful. It really is just a label that a large population gets defined as, but, I would go as far to say that in this case, actions speak louder than words. I believe there are three positive words that can define young professionals that should be considered as you interview, hire or work alongside a “young professional.”

Impact. When thinking about young professionals, how they live life, how they play a role in their communities and how invested they are in the next generation, the word impact comes to mind. By definition, impact means “to have a strong effect on someone or something.” Young professionals truly desire to have a strong effect in our local communities, which can be seen in a variety of ways. These impacts include the creation of local non-profits, supporting local businesses, volunteering on boards and committees as well as serving in local government.

Passion can be another defining word of young professionals. Their aspiration and goal is to find their passion and live it out. Young

professionals want to utilize their strengths, creativity and technology in their professional environment. Once they find the workplace that best fits their passion, they will dive all in, and there will be no stopping them as they continue to push themselves towards achieving their own dreams and goals. Their passion for work-life balance, structure and giving back, with a hint of self-care, is what will ignite their overall performance and growth.

Last but certainly not least, **Value.** Young professionals not only can have strong values, but they also want to extend value to those around them. In a professional setting they desire to bring value to the table and be valuable by sharing their knowledge and expertise, despite age. But they also value family, community and work.

The desire of young professionals is to be given chances, take risks, be heard, give back and to make a difference. Let’s work together to redefine “young professionals” as we continue to build strong and desirable workplaces and communities.

When you're born with a gift for numbers, you might say certain careers stand out as attractive. That's how it was for Kyle Johnson, a principal certified public accountant at Johnson & Mohr CPAs in McMinnville. Kyle's favorite part of being a CPA is his ability to use numbers to help people when they turn to him. He also enjoys being able to help taxpayers save money and providing his clients with financial clarity and guidance while building relationships with them while working with them as a team to aid in their success.

In addition to his duties in income tax preparation, income tax planning / consulting and accounting, Kyle has over nine years of experience specializing in the tax side of estate planning, trust and estate tax. Fitting for the heart of Oregon Wine Country, Kyle focuses on tax and accounting issues for wineries and vineyards.

Kyle belongs to the Oregon CPA Society and the American Institute of CPAs. He plans to continue practicing his profession for many years to come and would love to travel to many different destinations throughout the world with his wife, Haley. He also looks forward to building his career in a fast paced and challenging environment.

Kyle was born and raised in Spring Valley, California, suburb of San Diego. Kyle decided to move to the Pacific Northwest in order to play baseball at George Fox University. While there, he graduated with two bachelor's degrees - one in accounting, the other in business finance.

Kyle lives in McMinnville with Haley and the couple's three young boys. His favorite part of the Yamhill Valley is being just a hop, skip and a jump away from the beach, a place that reminds him of his childhood in California when the weather cooperates. An avid baseball fan, Kyle might be found watching his beloved San Diego Padres playing when he's not working. A baseball pitcher in college, Kyle is now excited to pass this skill along to his sons, aged 10, 9 and 7, as their youth baseball coach.

JOSHUA MOHR

CERTIFIED PUBLIC ACCOUNTANT

JOHNSON & MOHR CPAs

503.472.8161 | JohnsonMohrCPA.com
2270 SW Second St, Ste C, McMinnville

Certified Public Accountant Joshua Mohr started out working in construction. But after losing his job in the recession, he went back to school to study engineering -- and ended up falling in love with accounting instead.

Mohr, who works for Johnson & Mohr CPAs, enjoys the organization and problem solving involved in accounting. Those come naturally to him.

Working as a CPA also leads him to meet many people in the community, and he appreciates both the relationships and the doors those relationships open for him.

Born in Pasadena, California, Mohr moved to Oregon when he was 6 and grew up in Silverton. After earning a diploma from Silverton High School and working construction in Bend, he enrolled in Central Oregon Community College. He later transferred to Linfield College, from which he earned an accounting degree.

He has extensive experience with QuickBooks Online and regulations regarding the taxation of farms.

He belongs to the American Institute of Certified Public Accountants and the Oregon Society of Certified Public Accountants.

Twenty years from now, he sees himself co-leading the largest CPA firm in Yamhill County. He and his wife also want to lead a variety of businesses and ministries in the U.S. and Africa.

Mohr already has used his accounting skills in Africa. He and his wife, an OB nurse, and children have traveled to Uganda twice to assist a nonprofit that equips people with work skills so they can provide for their families. The organization also plants schools and churches in remote parts of the countries of Uganda, South Africa and Lesotho.

Closer to home, Mohr spends his free time surfing, snowboarding, hiking, rock climbing and engaging in other outdoor activities.

Woodworking has been his hobby since he started working for a high-end custom homebuilder in Bend right after graduating from high school. He built wooden doors, furniture, fireplace mantels and other custom pieces.

A skilled carpenter, he now makes furniture from reclaimed wine barrels.

Mohr and his family live in McMinnville. He enjoys the people and the beauty of the area, and likes having both the coast and the mountains nearby.

1100 NE Lafayette Ave, McMinnville

Brian Turner is an observant and precise sort of guy. After spending seven years as a golf professional and golf event coordinator, Brian put his precision skills to work in auto insurance claims. There, he noticed the service provided to customers who'd recently been involved in automobile accidents was sadly lacking. Refocused, Brian took on the challenge to join Roger Fowler at McMinnville's well-known, full-service auto body shop, J&W CARSTAR.

A native of Okanogan in North Central Washington, Brian earned a bachelor's degree in history from Washington State University. As general manager and co-owner of J&W CARSTAR, Brian works with dealership and insurance partners to ensure customers' vehicles are restored to pre-loss condition with the help of CARSTAR's 15 dedicated and highly skilled employees.

Brian lives in Dundee with his wife. An avid alpine skier, Brian loves spending time outdoors surrounded by the beauty of the Pacific Northwest -- of course, you might also find him playing golf when he's not helping customers. Hi! I am Cindy Manning, a Senior Escrow Officer at First American Title in Newberg, OR. I'm an Oregon native with over 20 years of escrow experience. I have been with First American Title since 1997 and am so happy to have settled in this beautiful town of Newberg.

College sports? Yes please! Ballroom dancing? I'm in! Traveling, especially to unique locations where I can really immerse myself in local experiences is where I recharge. (Ask me about the time I was dropped by a float plane in rural Alaska!)

There are so many reasons to love my escrow career! Having the ability to help facilitate buyers achieve home ownership is very meaningful to me. Being a resource for pro-active approaches in unique situations is rewarding and something I value in what I bring to the table. My experience has given me opportunities to learn how to maneuver hard transactions to close. I promise you clear/consistent communication and vigorous problem solving. I look forward to meeting you.

Amy approaches each day with kindness. Her vibrant, genuine smile lights up the room. The moment she landed in our office she instantly belonged, and we were filled with the warmth of her presence.

Amy started her escrow career in 2004 right here in Yamhill County and worked in the capacity of Escrow Assistant and Escrow Closer before having her two daughters, Ella & Addie. After taking some time off to be a stay at home mom, Amy re-entered the work force again, running her own gluten free bakery for 5 years. Most recently Amy has been working as an Escrow Closer in our McMinnville Office. Her experience and positive attitude are well fitted attributes to our team and we are very excited about her promotion to Escrow Officer.

In her free time Amy loves to run cross country and enjoy anything that involves being outside.

Morgan King always knew he wanted a career that would let him use his creativity. He does just that as a graphic artist for the News-Register and Oregon Wine Press. His job is different every day and always interesting, he said. It gives him the chance to be creative as he uses the Adobe Suite to create graphic designs, where he lays out publications and develops visually appealing advertisements to clients' specifications.

King grew up in Pekin, Illinois, where he spent much of his childhood drawing superheroes. He moved to Oregon after meeting his wife. With a goal of becoming a graphic designer, he studied visual communications at Chemeketa Community College in Salem. He was hired by the News-Register a week after graduating in 2018.

Someday, he would like to have his own illustration and graphic design business. He has already illustrated a children's book about a little girl visiting Paris. He also illustrated a web comic for two years. King enjoys building computers and hanging out with his wife and son. The family has two dogs and a cat.

TYLER C. YEOMAN-MILLETTE

ATTORNEY AT LAW

Tyler's father served as a nurse practitioner with a busy family practice, where Tyler deeply admired the way his dad developed lasting relationships with his patients. A little squeamish by nature, Tyler wanted to do the same thing without the medical aspect. He decided his best opportunity to develop lasting relationships while helping people would be to go into law. Tyler's varied practice includes administering trusts and probate estates, handling guardianship and conservatorship proceedings, and residential and commercial landlord/tenant matters.

Tyler was awarded a bachelor's degree in political science from the University of Oregon before earning an M.B.A. from the Willamette University Atkinson Graduate School of Management. Tyler then graduated magna cum laude from the Willamette University College of Law, earning a Doctor of Jurisprudence with a certificate in law and business.

Tyler lives with his amazing wife, Ellen, and (usually) wonderful children, Adria, 16 and Gabe, 12. Tyler particularly enjoys the outstanding food, great beer, breathtaking views of the Yamhill Valley! In his free time, Tyler might be found cycling, hiking, eating, gardening or rooting for the Ducks!
